# FINANCIAL STABILITY

**United Way of Sheboygan County unites for the financial stability of everyone in our community.**

A man moved to Sheboygan with his wife and pre-teen daughter. Shortly after they moved to the area the couple separated. He then lost his job as a result of COVID-19. While he qualified for unemployment, he read and spoke very little English, accessing this resource proved incredibly challenging. Having no one else to reach out to he called Catholic Charities to ask for help navigating unemployment resources.

His case manager was able to assist him with his weekly reporting, job searches, financial assistance in the form of personal items, food, and pre-paid cash cards donated to Catholic Charities. He recently started a new job as a forklift driver at a local company. His twelve year old daughter is very proud of him. A community united makes a difference.

*With your help, amazing things are possible.*

*[2019 Outcomes]*
